**EXCELLENCE IN
HIGH SECURITY ROOFING**

- Engineered metal roof systems to slow down escape or entering.
- Loose steel mesh and timber means cutting through is extremely difficult.
- Energy efficient roof systems.
- Liner system provides a barrier to escaping through the roof system.
- R-Values of up to 10 (m².K/W) achievable.
- Range of metal roof sheet profiles and colours to improve aesthetics.
- Backed with a single source up to 20 year system guarantee.

**GUARANTEED TO
SAVE YOU MONEY!**
